DONG THAP UNIVERSITY

## The Acting Rector's Message for the Academic Year 2020 -2021

---

For the academic year 2020-2021, all Dong Thap University faculty, staff and students are called to be united and determined to teach, study and research under the theme “**Continuously improve training quality**”.

With the determined spirit, I want all university's staff to enhance creativity in order to successfully achieve the following main tasks:

01

Continue to improve the university's capacity in all areas, construct modern university governance ecosystem amidst university autonomy with the core values: **"quality-creativity-collaboration-responsibility-friendliness"**.

02

Continue to develop training programs, build and develop quality culture, self-evaluate training programs and get ready for the requirements of training programs accreditation with international standards.

03

Continue to improve scientific research quality, prioritize studies with practical applications and technology transfer, encourage international publication and invest in the development of Dong Thap University's Science magazine with international standards.

04

Continue to promote community service and communication activities associated with promoting the University's prestige, in parallel with promoting enrollment counseling.

05

Enhance the application of information technology in training and management, at the same time strengthen consensus, coordination and community responsibility of individuals and units in the implementation of common tasks of the school.

06

Connect to supportive sources to encourage the student startup movement, prioritize cooperation with employers, businesses and experts in the startup fields to directly participate in training, skills development and job placement for students.

## Development milestones

## Mission – Vision – Core Values

### MISSION

### Vision to the year of 2035

### CORE VALUES

*To produce high level human resources qualified in many fields, especially those of education science and pedagogies; to conduct scientific research and provide community services; to play a role in the socio-economic development of the Mekong Delta and the whole country.*

*To become the high quality and prestigious training and scientific research institution of Viet Nam and in Southeast Asia.*

*Core values of Dong Thap University, also understood as principles or core beliefs in behaving and making decisions are: "Quality - Creativity - Collaboration - Responsibility - Friendliness".*

## The Logo of Dong Thap University

### Logo meaning:

Dong Thap University has been developing firmly and sustainably in all areas, to carry out the basic strategic tasks: of training and doing scientific research given the staff, lecturers, and highly qualified employees, and using standardized and modernized facilities and equipment, and move firmly on the path toward integration - developing and reaching new heights.

### The Dong Thap University logo has 02 parts:

The blue outer ring: white letters on a blue background, inscribed above with the Vietnamese words in HP-copper 18-point font: Đại học Đồng Tháp, and below with the English equivalent words in HP-copper 16 point font: Dong Thap University.

The design inside the ring is extensively encompassing, it can be interpreted in many different ways. Here are some common ones:

It depicts the image of a jet airplane flying high in the sky, symbolizing a university taking off and on its way to a sustainable and stable trajectory in all its aspects.

It depicts the image of a red-crowned crane spreading its wings soaring high in the sky, symbolizing a university ascending the expanse of human knowledge, firmly advancing on the path toward integration and development.

It depicts the image of a boat sailing forward in full sail, symbolizing a university on the banks of the peaceful and poetic Tien Giang River, steadily marching toward the horizon of knowledge.

It depicts the image of a blue flame, a harmonious fusion of traditions and modernity, symbolizing university inheriting and promoting the heroic traditions of the Vietnamese people in general and the Mekong River Delta region in particular in the struggle for national liberation and national defense, as well as acquiring the best that mankind has to offer to produce both "moral" and "professional" graduates to meet the increasing demands for the development of the nation in its renewal work of industrialization and modernization.

It depicts the Mekong Delta region four seasons of green trees, fragrant flowers, and sweet fruit growing on fertile alluvial soil, symbolizing the youthfulness of a university receiving the attention and leadership of the Ministry of Education and Training, the Provincial Party Committee, People's Committees, departments and mass organizations, and the people who are cultivating their talents for the country and making an important contribution to the socio-economic development and prosperity of the country and the region.

## Dong Thap University's song

# *My beloved Dong Thap University*

Music & lyrics: Võ Xuân Hùng

Bên dòng sông Tiền hiền hoà là mái trường chúng  
Bên dòng sông Tiền hiền hoà là mái trường tôi

tôi. Bao năm tháng dựng xây giờ đang đòi thay từng  
yêu. Yêu tiếng nói thầy cô cùng tôi sớm khuya miệt

ngày. Bạn ơi chung tay ta vun xới, cho những mầm  
mài. Đường tương lai bao nhiêu gành thác, tiếp nối cha

xanh mầm xanh này lộc. Vươn tới tầm cao chân trời trí thức...  
anh viết tiếp trang sử...

...vàng. Rạng danh trí tuệ Việt Nam, rạng danh đất mẹ Cửu Long, sen hồng toả

ngát sáng ngời đường tương lai. Đại học Đồng Tháp

vươn cánh bay xa đến những chân trời khoa học. Vì một ngày mai,

minh cùng kẻ vai thấp sáng niềm ước mơ. Đại học Đồng Tháp

nâng bước ta đi với niềm tin yêu cuộc đời. Đi xây quê hương rạng

ngôi, đẹp lắm trường tôi, Đại học Đồng Tháp thân yêu.

Hát lên nào bạn ơi cho tình yêu xanh mãi trang sách cuộc đời

đang rộng mở mình cùng viết lên bao niềm tin yêu.

## Community Service

The model aims to join hands with the community to take care of students with difficult circumstances in housing construction, and have more motivation to study. This program solicits the contribution of 5,000VND per member per month. The Youth Union - Student Association supported the construction of 5 houses, totaling 200 million VND (to the present time, the program has awarded 56 charitable houses).

The voluntary team advised, instructed on the procedures, recommended boarding houses, dormitories, ... for more than 1500 candidates and parents who contacted for assistance. Join the Admission and Career Consultation Day 2020 program to support more than 2200 high school students in Dong Thap province.

Continuing to spread beautiful gestures, promote the spirit of compassion, enthusiasm and volunteerism for the community; thereby, contributing to propaganda, raising awareness and responsibility of students in the campaign of voluntary blood donation. In 2020, the Loving Blood Club organized and participated in 04 activities of collecting 438 blood units (55 more blood units compared to 2019).

The university has been fostering the eager spirit of the members of the youth union in helping destitute families, enabling many of these families to enjoy a warm and gladsome spring. The Youth Union - Student Association held practical activities like "Warm-hearted spring" program, "A grain of love" program, "A patch of love" activity, donating 32 spring bus tickets to students with difficult circumstances in Ninh Thuan, Binh Thuan, Ca Mau, Bac Lieu. The delegation visited the two Vietnamese heroic mothers in Thap Muoi district; giving 40 Tet gifts to 40 poor and near poor households in Thuong Phuoc 1 commune, Hong Ngu district, Dong Thap province.

The method is that each student contributes 20,000 VND / course. ### *Reading club at Dong Thap University and the book space DThU*

Dong Thap University's Reading Club operates with the slogan: "connecting and sharing the joy of reading", operating in the spirit of self-management with a budget of "0 VND". DThU book space is open for service from 6am - 9:30 pm all days of the week. The club's fanpage maintains at least 2 good books per week.

With the aim of creating "a playing field and connecting" on reading, the model receives companionship of many individuals and units. Hieu Tri bookcase received more than 4000 books donated by individuals and units to serve readers; At the same time, the bookcase has shared nearly 1000 books to those who need books, students, and high school students.

Besides exchanging and introducing books, DThU book space is also a place to connect with activities to support learning, scientific research, creative experiences and practice skills.

With the desire to sow the first seeds to the generation of young readers; just like "sowing" beliefs, motivations, the continuation of the selective reading culture, orientation, the model contributing to lighting "reading candles" in the community, laying small bricks for self-learning, connecting, sharing and constructing.

The club also deployed "Loving Food Corner" with coffee, water, tea, cakes, milk, instant noodles, fruit ... self-catering for readers and students in need; receive the support of many consigned generosity to help students overcome difficulties.

The club's "give and take" corner has "received" and "given" more than 200 books, 500 learning materials, 250 living supplies, and many essentials ... in 2020.

Currently, the club is launching a movement to build mini bookcases in families, dormitory and student hostels, to carry out a project of saving and raising piggy banks to buy books and go book tours.

Through more than 3 years of operation, DThU Reading Club and Book Space has created a new mark of the reading movement among students with the spirit of connection and sharing. DThU Book Space and Reading Club was honored by the People's Committee of Dong Thap province as one of 22 excellent models in the construction and replication of an advanced example in Dong Thap province in the period 2015-2020.

Delegates, journalists and educators participated in the meeting to celebrate the 95th Anniversary of Vietnam Revolutionary Press Day" organized by Dong Thap University.

## Science and Technology projects of National Foundation for Science and Technology Development (NAFOSTED) under the Ministry of Science and Technology

	<b>Assoc.Prof.Dr. Tran Van Tan</b> Studying the geometric and electron structure of silicium and germanium clusters mixed with metals in transition of quantum chemistry - 104.06-2016.16	2017
	<b>Dr. Ha Thanh Tung</b> Improving the performance of quantum dot solar battery on the basis of optical anode electrode with the structure of TiO <sub>2</sub> /CdS /Cd <sub>1-x</sub> MnxSe /ZnS - 103.03-2016.94	2017
	<b>Assoc.Prof.Dr. Huynh Vinh Phuc</b> Optical - magnetic transmission properties of two-dimensional materials similar to graphene - 103.01-2019.11	2019

## Ministry-level Science and Technology projects of the Ministry of Education and Training

	<b>Assoc.Prof.Dr. Huynh Vinh Phuc</b> Linear and non-linear optical absorption effects in quantum holes with different types of confinement potentials - B2018.SPD.01	2018
	<b>Ngo Tan Phuc, M.A.</b> Surveying the immutable basis of Leavitt path algebras - B2018.SPD.02	2018
	<b>Vo Duc Thinh, M.A.</b> The formula for calculating the normal of a cone to make a complementary exercise according to circular cones and apply it to the optimal problem - B2019.SPD.01	2019
	<b>Vo Minh Tam, M.A.</b> Solution properties of equilibrium problems and applications - B2019.SPD.02	2019
	<b>Nguyen Quoc Thai, M.A.</b> Study on inhibition of beta amyloid condensation of Alzheimer's disease by computer simulation - B2019.SPD.03	2019
	<b>Dr. Ha Danh Duc</b> Isolating and evaluating the ability to disintegrate propanil in bacterial herbicides - B2019.SPD.04	2019

## ➤ Ministry-level Science and Technology projects of the Ministry of Education and Training

	<b>Pham Minh Xuan, M.A.</b> Researching and manufacturing nano-compisite polyimide (TFC-PA) filter modified with TiO2 nanoparticles, nano TiO2 / Dopamine applied to treat arsenic in water - B2019.SPD.05	
	<b>Dr. Truong Tan Dat</b> Developing university administration capacity for the management officials of universities in the Mekong Delta - B2019.SPD.06	
	<b>Assoc.Prof.Dr. Tran Quoc Tri</b> Study on activating C-H binding in alkane on clusters of transition metal with boron and carbon by theoretical chemistry calculation - B2019.SPD.562.07	
	<b>Assoc.Prof.Dr. Nguyen Van De</b> Researching, developing and deploying local educational content for elementary students to meet the requirements of the new high school education program - B2020.SPD.01	
	<b>Assoc.Prof.Dr. Ho Sy Thang</b> Designing wastewater treatment system of pangasius pond with wetland combining adsorbent materials and vegetation - B2020.SPD.02	
	<b>Dr. Ha Thanh Tung</b> Fabrication of nanostructured composite materials based on rGO, CuxS used as negative electrode in solar battery - B2020.SPD.03	
	<b>Dr. Le Trung Hieu</b> On the boundedness and global contraction of solutions to time-varying differential systems with delays and their applications - B2020.SPD.04	

## ➤ Science and Technology project on improving the quality of scientific journal of the Ministry of Education and Training

	<b>Assoc.Prof.Dr. Nguyen Van De</b> Develop Natural Science journal of Dong Thap University's scientific journal to join the ACI system

## ➤ Ministry-level Scientific Research Student Award of the Ministry of Education and Training

**Cao Pham Cam Tu**  
Class: DHSPTOAN16B  
Department of Mathematics  
Information Technology Teacher  
Education  
Instruction Lecturer:  
**Nguyen Trung Hieu, M.A.**

Second prize

Study the convergence of the repeating sequence to the common immobility point of an asymptotic G-non-stretching mapping in Banach space with graph.

**Nguyen Thi Diem Trinh**  
**Le Thi Thuy Dung**  
Class: DHH17A  
Department of Agriculture and  
Environmental Resources  
Instruction Lecturer:  
**Nguyen Thi Phuong, Ph.D.**

Consolation prize

Using coffee grounds as a growing medium for safe vegetables by home-scale hydroponics

## ➤ Student Scientific Research Award - Euréka hosted by Ho Chi Minh Youth Union of Ho Chi Minh City

**Nguyen Thi Diem Trinh**  
**Le Thi Thuy Dung**  
Class: DHH17A  
Department of Agriculture and  
Environmental Resources  
Instruction Lecturer:  
**Nguyen Thi Phuong, Ph.D.**

Consolation prize

Using coffee grounds as a growing medium for safe vegetables by home-scale hydroponics
